BILLINGSLEY RANCH Brent Billingsley in partnership with The Nature Conservancy and NRCS is exploring the burgeoning virtual fence technology to manage their cattle in a sagebrush steppe community for post-fire recovery, reseedings, and management of sage grouse habitat in the beautiful Moses Coulee Preserve.
TIME: 1 pm – 3 pm
Moses Coulee and Beezley Hills Preserves, Intersection of Olson and Moses Coulee Roads, Waterville

As this is a field tour, we ask that attendees please bring appropriate clothing, shoes, sun and rain protection, hat, and bug repellants. Please be prepared for extended outdoor exposure in a remote area for multiple hours. Access to restrooms, cell service, and amenities will be limited to none. Attendants should bring their own lunch. Drinks and light snacks will be provided.
